

# Senior Portraits

Your senior portrait is an important milestone in your life. Right now, it may not seem that important. But in a few years, your senior portrait will be a family treasure. So your portrait is a BIG DEAL!

Your senior portrait will mark who you are at this point in life. During this year you will change and grow, but in five years you will transition to a very different life. Your senior year should be captured and preserved.

For some people this may be the last formal portrait they ever take. It marks the end of “childhood” and the beginning of your adult life. Your senior portraits are images that you exchange with friends and family. But these images are photos that most will save for the rest of your life.

Why trust this moment to anyone with a cell phone? Or to someone who is not a professional? You don't want to remember this special year with an image that looks like a snapshot do you? You want an image that captures who you are. For many this will be the only portrait they will ever have that truly focuses on them and what makes them who they are. Great portraits strive for a quality that will stand the test of time and last for decades.

At Creative Photography, our passion goes far beyond photography. We want to bring out the beauty that resides in each and every senior we photograph. We have dedicated years into learning how to create quality images, while giving them an experience that will be a highlight of their senior year. We want to work with you to create a set of images that both senior and parent will like and treasure for many years.

## **Design your 2015 Senior Photo Shoot Options**

At Creative Photography, you can design your own Photo Shoot from several options. The Photo Session fee is for the different options listed below.

1. **THS YEARBOOK** session. We are the official yearbook photographers for Tonkawa High School. We take a limited number of headshots that you can choose from for the yearbook. Your portrait will be in the THS yearbook, the THS Composite (you will receive a copy at graduation), and the “graduates section” of The Tonkawa News. Session fee: \$28 plus tax. Retouching options are available.
2. Choose **SENIOR STUDIO** for our great studio images that are different from everyone else's cell phone images. Bring your special clothes, fashion, hobbies, and sports accessories. We can create great studio images from formal to casual styles. This is a one-hour session. Session fee: \$50 plus tax.
3. Choose **SENIOR OUTSIDE** for our exclusive outdoor images taken in and around Tonkawa city limits. There are many different options for classic outdoor portraits to

casual images and even contemporary “grunge.” This is a one-hour session. Session fee: \$50 plus tax.

4. Or choose the **SENIOR AWAY** session to go anywhere you want in the Blackwell and Ponca City areas. This can give you a great variety of images. This is a one-hour session. Session fee: \$75 plus tax. For additional locations and variety add an additional location (and approximately an additional hour) for \$50.

5. You can further customize with one of our **SENIOR EXTREME** session, a limited availability photo session that we can take in locations further away—Stillwater, OKC, and more. We will schedule a photo shoot in Colorado during the summer. This is by special arrangement and pricing only.

6. You may add on a **FAMILY** photo session to get the rest of the family in on the deal. This can be scheduled in the studio or any of our other locations. Many times, it is scheduled at a separate time from the senior session. This is a one-hour session either **STUDIO** or **OUTSIDE**. Session fee: \$50 plus tax. (Watch for senior family specials in the fall!). **AWAY** Family sessions are \$75 per hour/location.

Combine any of the session options for the looks you want. All Creative Photography Photo Sessions are time based and offer as many outfits and designs as we can fit in. Want more variety or something custom, pick 2 or 3 options. Want to keep it simple or not spend too much, then opt for only 1 or 2 option choices. Be sure to stop by the studio and visit with us about your options and ideas!

### **Investment in fine portraits**

If you compare what we charge for our packages, our prices are competitive with most “professional” studios. Compare the “professional” studios in Stillwater, Oklahoma City and Tulsa. A professional photographer is a member of state and national photographic associations and adhere to professional “codes of conduct” in their studio operations. Professional photographers abide by state law and will charge “sales tax” and report that. Professional photographers will be a member of the local Chamber of Commerce and support the local community.

We have earned national and international awards for our photography. Dr. Glenn and Barbara Cope have been “Certified Professional Photographers” for over 20 years. Both have received the PPA’s “Photographic Craftsman” award. Dr. Glenn is a PPA “Master of Photography.” They have received other awards. But this is just to show our dedication to the art and craft of great photography.

We have options to fit most budgets from under a hundred dollars to as much as you might want to spend. If you are on a budget, simply choose fewer photo session options. You'll still have great photos, but won't have as many to choose from. Just in case you do want to buy them all, we offer a payment plan to spread it out for you. You pay for your

photo session when you schedule it, then pay for your package/order when you place your order. For those who need to spread out the payments, we can break your order up into three payments for you. We do not actually print your images until the final payment has been made. Then we will schedule a delivery of your images.
